

I WILL PRAY FOR YOU

By Michele Wagner & Shawn Craig

Intro/Interlude

Verse 1

I've tried in my own way
To help you understand
But you've heard it all before
Still you never made Him Lord
There's nothing new that I can say or do

Chorus

So I will pray for you and stand here faithfully
Believing for the time I'll see Him
Shining in your eyes
Oh I will pray for you
And hold you in my heart and hope that
One day you'll embrace the truth
But until then I will pray for you

Verse 2

How can you walk away
From all you know is true
Though you say that you are fine
I know there's pain beneath that smile
Still you refuse to let His love break through
