

JESUS ANSWERS

By Michele Wagner & Dwight Lilies

Intro/Interlude

Verse 1

It's so hard to understand and accept the Father's plan
When it means my will must die
After all those countless prayers can I still believe He cares
Though I've heard no answers to my cries

Chorus

Whisper again to my heart, what I believed from the start
Remind me Jesus Answers
And when my heart sees no light help me hold on with all my might
Believe that Jesus Answers

Verse 2

Won't you tell me once again that the waiting has an end
I've been waiting for so long
When there is no strength to find gently tell me one more time
That it's in my weakness I'm made strong

Bridge

It's true that there's one thing I need to know
It's true my God is in control

Ending

Hold on with all your might
Keep trusting through the night
Believe that Jesus answers
Believe with all your heart
You've known it from the start
Believe that Jesus answers
Hold on with all your might
Keep trusting through the night
Believe that Jesus answers
You've known it from the start
Hold on with all your heart
Believe that Jesus answers
You've got to believe
Believe that Jesus answers
