

LOVE'S ON THE OTHER SIDE

By Michele Wagner

Reference: Numbers 13:25-14:10

Intro/Interlude

Verse 1

Are you fooled by what you know?
Are you scared to face the unknown?
Your heart's been hurt but it doesn't have to stay that way
Cause there's a love that wants to take your hand
And cross you over to a greater land
Where dreams are real and you can trust again
But lately you feel afraid
You want to know for sure you want to stay safe

Chorus

Don't you know that Love's on the other side?
Don't you see it's green and so full of life?
Once you take that step you'll realize
Love's on the other side

Verse 2

You look at your circumstance
You don't think you'll see the chance to win
So you'd rather hold on to the little you have
This time you can risk it all don't worry even if you fall
Love promised to never leave you or let you down
This perfect love can replace
Any fears you have don't hesitate

Repeat Chorus

You can choose to stay where you are
Or risk what you have to gain so much more
