Verse 1

Lord I love the way you love the way you understand
Lord I love the way you came to earth to give me
Lord I love the way you forgive the way you live
Thank you Lord for setting my heart free

Chorus

Lord I love you
Lord I'll serve you
Lord I'll seek you with all my heart, soul and mind
Cause you're my true best friend
Who loves me with no end (2x to Interlude)
I'm looking forward for you to come back for me again

Verse 2

Lord I love your sweet compassion how you healed my broken heart
Lord I love the way you overflow the Father's love
How you made my blind eyes see how you made my heart to believe
Lord you're real Your love's so real you amaze me!

Interlude

I'm looking for you
I'm looking for you
I'm looking forward for you to come back for me again
I'm looking for you
I'm looking for you
I'm looking forward for you to come back for me again

I'm looking forward for you to come back for me again
I'm looking forward for you to come back for me again
